Email- [saptarshigeotu2000@gmail.com](mailto:saptarshigeotu2000@gmail.com)

**Purpose and Scope**

**Purpose:** to facilitate the exchange of ideas on employment-generating policies and programmes, adopted by different countries, as well as to explore their implications for achieving balanced and sustainable development, encompassing the spatial aspects of resource creation, in alignment with Goal 8 under SDG-30, i.e *Decent Work and Economic Growth*.

**Scope:**

- I. The role of the state and the citizens in adopting, implementing, and supervising the policies concerned with generating employment.
- II. Employment programmes and resource creation - Spatiality of fund distribution, Resource creation and their locational suitability, and resource linkages for regional growth and development.
- III. Employment-generating programmes and the attainment of a decent livelihood.

**SUBMIT AN ABSTRACT**
